

## **FOREWORD**

---

*The “Statistical Yearbook of Nagorno-Karabakh Republic, 1995-1999” is the most complete statistical publication of the state administration of statistics, state register and analysis of NKR, reflecting socioeconomic development of the country.*

*The statistical data on the social and economic situation of NKR in 1995-1999 are presented in the yearbook. It includes more than 180 tables characterizing the development of the Karabakh economy in a whole, also of the most important branches and sectors.*

*The data are calculated in accordance with the principles of modern methodology, which allows to compare them with international indicators.*

*This yearbook is intended for the wide circle of readers: state and local self-governement institutions, banks, financial-credit organizations, entities, scientific and educational institutions, public and international organizations, mass media and all who need information about socioeconomic life of NKR.*

**B. Babayan**

*The chief of state administration of statistics, state register and analysis of NKR*
